🏠 📈 RL Household Portfolio – PPO vs Equal-Weight Baseline

This dashboard visualises the **evaluation outputs** from your RL pipeline:
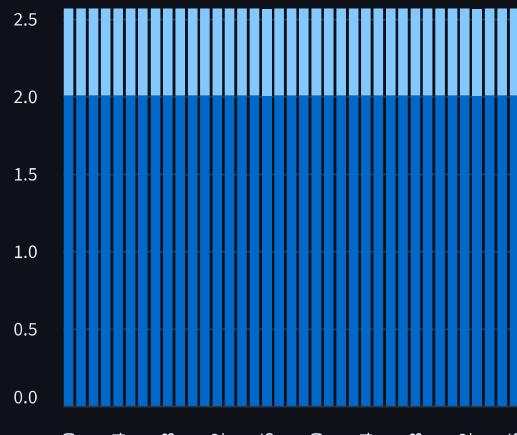

- `ppo_eval_paths.csv` , `ppo_eval_summary.csv`
- `baseline_equal_weight_paths.csv` , `baseline_equal_weight_summary.csv`

Use it to compare **RL vs baseline** behaviour, distributions and summary stats, and to get ready-to-use **interpretation & recommendations** for your report.

Overview   Paths (episode)   Asset allocation   **Distributions**   Interpretation & Plan

Distribution of final portfolio values

Final portfolio values   **Sharpe ratio (monthly)**

■ Baseline (equal weight)   ■ RL (PPO)   ■ Baseline (equal weight)   ■ RL (PPO)
